

PUBLIC NOTICE

Eastman Chemical Company has applied to the Tennessee Air Pollution Control Division (TAPCD) for a [significant modification to their major source operating permit](#) number 547981, subject to the provisions of paragraph 1200-3-9-.02(11) of the Tennessee Air Pollution Control Regulations (also frequently referred to as Title V regulations). A major source (Title V) operating permit is required by both the Federal Clean Air Act and the Tennessee Air Pollution Control Regulations.

The applicant is **Eastman Chemical Company** with a site address of South Eastman Road, Kingsport, Tennessee. They seek to obtain a significant modification to their major source operating permit for their chemical manufacturing operation.

The significant modification removes 40 CFR 60 Subpart Kb (Standards of Performance for Volatile Organic Liquid Storage Vessels) requirements for one storage tank, adds the requirements of 40 CFR 63 Subpart DDDDD (National Emission Standards for Hazardous Air Pollutants for Industrial, Commercial, and Institutional Boilers and Process Heaters) to one emission source, and updates fugitive VOC and CO emissions estimates for two emission sources. This significant modification would allow small increases in fugitive VOC and CO emissions.

The existing Title V operating permit subject to the modification is identified as follows: Division identification number 82-0003/547981 – MSOP-24. The process emission sources affected by the modification are identified as follows: PES-B-221-3/ Division emission source reference identification number 82-1009-31 (update of fugitive emissions estimate); PES-B-238-1/ Division emission source reference identification number 82-1011-06 (addition of Subpart DDDD requirements); and PES-B-238-2/ Division emission source reference identification number 82-1011-07 (update of fugitive emissions estimate and removal of Subpart Kb requirement). This significant modification is conducted pursuant to subpart 1200-3-9-.02(11)(f)5(iv) of the Tennessee Air Pollution Control Regulations. Only the portions of the Title V permit affected by the significant modification are open to comment during the notice period.

A copy of the application materials used by the TAPCD and a copy of the draft permit are available for public inspection during normal business hours at the following locations:

Kingsport Public Library and Archives
400 Broad Street
Kingsport, TN 37660-4292

and

Tennessee Department of Environment and Conservation
Division of Air Pollution Control
9th Floor, L & C Annex
401 Church Street
Nashville, TN 37243-1531

Also, if you require a copy of the draft permit it is available electronically by accessing the TDEC internet site located at:
<http://www.state.tn.us/environment/apc/apcppo>

Interested parties are invited to review these materials and comment. In addition, a public hearing may be requested at which written or oral presentations may be made. To be considered, written comments or requests for a public hearing must be made within thirty (30) days of the date of this notice and should be addressed to **Mr. Barry R Stephens, P.E., Director, Air Pollution Control Division, 9th Floor, L & C Annex, 401 Church Street, Nashville, Tennessee 37243-1531**. Questions concerning the source(s) may be addressed to Mr. Travis Blake at the same address or by calling (615) 532-0554. A final determination will be made after weighing all relevant comments.

Individuals with disabilities who wish to review information maintained at the above-mentioned depositories should contact the Tennessee Department of Environment and Conservation to discuss any auxiliary aids or services needed to facilitate such review. Such contact may be in person, by writing, telephone, or other means, and should be made no less than ten days prior to the end of the public comment period to allow time to provide such aid or services. Contact the Tennessee Department of Environment and Conservation ADA Coordinator, 12th Floor, 401 Church Street, Nashville, TN 37243, 1-(866)-253-5827. Hearing impaired callers may use the Tennessee Relay Service, 1-(800)-848-0298.
